

How to block Google Images

Summary

How to block Google Images (note: Google changes their URLs often so the following is subject to change)

More Information

To completely block Google images, you will need to block **two** URLs: **images.google.com** & **www.google.com/imghp** by going to Website Filtering > Website Access > Add A Site.

Then, you will need to add **three** URL filtering rules by going to Content Filtering > URL Filtering > Add Custom Rule > Select: Exactly Matches > Type in: **tbs=isch** > Click on Save Rule. Click on Add Custom Rule (again) > Select Exactly Matches > Type in: **tbs=img:1** > Click on Save Rule. Click on Add Custom Rule (again) > Select Exactly Matches > Type in: **tbm=isch** > Click on Save Rule.

Commit and Restart your changes.
